Cancellations due to circumstances beyond your control (i.e. transportation issues or school closings) are understandable and every effort will be made to reschedule your program. If a reschedule date is not available, we will issue you a voucher to use toward future programming. Your voucher will expire one year from the date of issuance.

If you call to cancel due to weather, we will make every attempt to reschedule your program, assuming reschedule dates are available. If we are unable to reschedule, you will not receive a refund or voucher.

The parks are open year-round, offering programs whether it is sunny, snowy or rainy. The only time a program will be cancelled by park staff is if the park is closed due to extreme weather conditions or for situations that are beyond our control. We make every effort to adjust programs to accommodate activities for current weather conditions. When booking a program, please be sure to verify the season(s) offered.

Cancellation Policy

The Interpretive staff makes every effort to adjust program schedules the day of your program if the weather is less than favorable. We do not cancel programs if it is raining or snowing. We ask that teachers and chaperones make every effort to ensure that students are dressed appropriately for the current weather conditions.

About St. Joseph County Parks

Interpretive Programs

At our Interpretive Programs, your students learn as they experience nature and cultural heritage. Hands-on, active learning helps students gain a greater understanding of the importance of conserving natural resources and practicing sound stewardship.

Programs led by Park Interpreters enhance grade-level interdisciplinary curricula. Pre-visit materials are included to broaden the experience beyond the park visit.

Group Size Limits

Group sizes are limited to a ratio of 15 students to one Park Interpreter. There is a ten student minimum for all of our Interpretive Programs.

For groups larger than 35

Teachers will need to lead an activity while half the group is working with the Interpreters. In most cases we can supply you with simple program-related activities you can conduct on your own, or you may bring activities of your choice.

For groups larger than 60

With advance planning, we can accommodate groups larger than 60 depending on time and staff availability. Teachers will lead a portion of the activities (activities and materials provided).

Payment

Full program fees are due in advance unless prior payment arrangements are made. If payment is not received within one week prior to the program date, your program will be cancelled. Vouchers will be issued for overpayments. Make checks payable to *St. Joseph County Parks*.

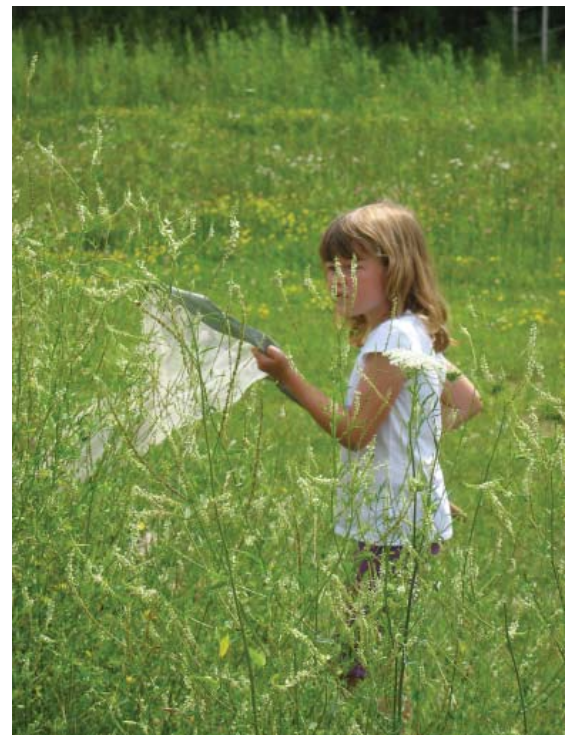

Mail payment to:
